Subject: Deficient Notice of Intention to Commence Small Mining Operations, Greentech Mining Utah LLC, Golden Eagle Mine, S/017/0052, Garfield County, Utah

Dear Mr. Wilson:

The Division of Oil, Gas and Mining has reviewed the referenced Notice of Intention to Commence Small Mining Operations (NOI), including revisions received October 17, November 4, November 25, and December 20, 2011. The following items will need to be addressed before the NOI can be determined complete:

1. Please give the correct acreage in Section III (Operation Plan) item 8.
2. Please update the general location map and site specific map that were included in the original application with those that you included in the letter dated October 29, 2011, or with similar maps. The Division needs you to do this to remove the outdated maps and also to have updated map in the NOI rather than in attachments. By having the maps with the NOI a reader would not have to search for the maps in the appendix.

Please provide your response as replacement pages to your original NOI, using Form MR-REV-SMO/EXP, available on the Division's web site at www.ogm.utah.gov.

The Division is waiting for the BLM to concur with the bond amount. You will be notified when this amount has been determined. Please call me at 801-538-5261 or Wayne Western at 801-538-5263 if you have questions about this letter. In reply, please refer to file number S/017/0052. Thank you for your cooperation.

Sincerely,

Paul B. Baker

Minerals Program Manager
